Welcome to Texas Regional Asthma & Allergy Center!

We would like to thank you for choosing our practice to assist with meeting your healthcare needs. Our office staff is committed to ensuring that you and your family receive the best possible care while you are here. Our office staff will have verified your insurance benefits for allergy related procedures prior to your appointment. Since payment for allergy procedures is expected at the time of service, we have included the following information for you, so that you can also contact your insurance company to inquire about your financial responsibility for common procedure that may be recommended as part of your diagnosis and treatment here.

Your physician may recommend that you be allergy tested in order to determine specific allergies and whether or not you or your family member may be a candidate for immunotherapy. There are procedures that maybe be discussed with you or your family at the time of your appointment. We encourage you to use this information and contact your insurance carrier to inquire as to the amount covered and what your out of pocket expense will be for each procedure.

These are some of the procedures and their procedure codes that may be recommended for you by one of our physicians. You are encouraged to use this to determine your financial responsibility for the following procedures so that you can plan accordingly:

- ALLERGY TESTING (included scratch testing & intradermal skin testing) 95004 (scratch test)
(no office visit) 95024 (intradermal test)
- RUSH IMMUNOTHERAPHY (rapid build-up of allergy injections) 95180
- (no office visit)
- ALLERYG SERUM (medication used for allergy injections) 95165
- (no office visit)
- ALLERGY INJECTIONS (usually once or twice a week) 95115 (1 injection)
(no office visit) 95117 (2-3 injections)

****This is not a guarantee of benefits. Amount for procedures may vary from verification amounts. It is your responsibility to verify benefits and amount with your insurance carrier.****

Payment for all procedures is required at the time of service. Payment amounts may vary according to what is not a covered benefit by your insurance carrier, which may include those services applied to your deductible, and co-payments, etc.

Charge for allergy injections are to be paid at the times service or may be pre-paid at the beginning of the month. If you have any questions regarding your insurance, please do not hesitate to contact our business office.

Thank you!
